Subject: AMMI - phone conversation with Dale Snyder

Wayne,

I called Dale Snyder of AMMI this morning. He had been out of town lately and had asked Lynn Kimball to work up a response to the Division. He thought Lynn had taken care of that. He will talk with Lynn today and have him call me and get a letter in as soon as possible.

I told Dale we needed some indication of which option they were going to pursue in response to our letter , but not necessarily all the details of how - that would be worked out later. I told him to get a response in quick, because we have ^{just} past the deadline of 15 days.
